PROFILE

Passionate Full Stack Developer with 3 years of hands-on experience in modern web technologies including HTML5, CSS3, JavaScript, React.js, TypeScript, and Next.js. Proficient in backend development with Node.js, Express.js, PHP, and Laravel, along with database management using MongoDB and MySQL. Proven ability to develop responsive, user-friendly web applications and collaborate effectively with cross-functional teams. Committed to continuous learning and staying updated with the latest industry trends and best practices.

WORK EXPERIENCES

Frontend Developer Intern

Flexisaf • Remote • December 2024 - March 2025

Participated in an intensive frontend development program focusing on modern web technologies and industry best practices.

- Completed structured coursework and practical assignments in React.js and modern JavaScript
- Delivered weekly projects demonstrating progressive skill development
- Collaborated with peers on code reviews and technical discussions
- Gained experience with version control systems and agile development methodologies

Frontend Developer Intern

Vergold • On-site • April 2025 - Present

Contributed to the company's frontend development projects under senior developer supervision, working on real-world applications and client deliverables.

- Worked on building the company's frontend projects under guidance of senior developers
- Collaborated with UI/UX designers to convert design mockups into functional, responsive web interfaces
- Developed a Facebook mobile clone using React Native and Laravel backend
- Gained hands-on experience with mobile app development and cross-platform compatibility
- Participated in code reviews and maintained coding standards within the development team

FEATURED PROJECTS

School Management System

 Academic Project

A comprehensive full-stack web application for educational institution management with role-based access control and administrative dashboard.

- Built complete user authentication system with role-based access for students, teachers, and administrators
- Developed student enrollment and registration system with form validation and data persistence
- Created teacher application portal with document upload and approval workflow
- Implemented admin dashboard for user management, content control, and system oversight
- Added dynamic event and announcement management with real-time homepage updates
- Designed responsive UI with modern styling and intuitive user experience
